Announcement of a public tender

Contract number: LUB/2021

Place of fulfillment: Lubmin

Assignment of handling operations within the industrial port of Lubmin

Essential services:

- Implementation of handling operations, in particular break- and bulk cargo handling, handling of wood and animal-feed by means of suitable handling technology and qualified personnel
- Execution of loading, unloading and stowage work in ships, inland vessels, trucks and railcars
- Execution of sidecut work
- Provision, maintenance, cleaning and operation of suitable technical equipment for handling
- Cleaning of the port area and the quayside after transshipment
- Disposal of cargo residues and waste

A negotiation process will be carried out in accordance with the rules communicated in the tender dossier.

The tender documents are available digitally for free download under the following addresses:

Website of the industrial harbor Lubmin: <http://www.hafen-lubmin.de/serviceleistungen.html>

Town of Lubmin: <https://www.amtlubmin.de/seite/138412/bekanntmachungen-zv-etf.html>

Submission deadline: 21.06.2019 / 12:00 o'clock (noon)

Binding period: 31.07.2019

If you submit your application in writing, you are requested to send the application for participation together with the requested documents in a sealed envelope to the Municipal Association **Energy and Technology Freesendorf** or to hand it over by the aforementioned date.

The envelope must be signed with your name (company), your address and the indication

"Do not open! Application for the participation in the tender for handling operations in the industrial port of Lubmin"

The requests to participate will not be read.

Signed Axel Vogt - head of the association
